 website

Professional Summary

HR Operations professional with experience in managing end-to-end employee lifecycle operations, HR administration, and process optimization within the IT industry. Skilled in onboarding and induction, HRMS (Keka) administration, employee documentation, policy and SOP development, employee engagement, asset and vendor management, and ensuring seamless HR operations. Experienced in collaborating with cross-functional stakeholders to improve HR processes, ensure compliance, and enhance employee experience. Additionally, possess hands-on experience in talent acquisition and AI-enabled HR workflows, backed by a Computer Science background that enables effective collaboration with technical teams.

Work Experience

November 2025 –
Present
Hyderabad

Associate HR Executive I

Techdome

- Leading the Talent Acquisition team of 3 recruiters, driving hiring strategy, recruitment planning, daily execution, and team performance across technical and business functions.
- Owned HR Operations, including employee onboarding, induction programs, employee profile creation in Keka HRMS, documentation, and employee lifecycle management.
- Managing end-to-end recruitment lifecycle for Product, Engineering, AI/ML, Cloud, DevOps, SRE, Full Stack, QA, HR, Business Development, Finance, and Founder's Office roles.
- Partnering with Founders, Engineering Managers, Tech Leads, and Business Heads to define hiring plans, improve recruitment processes, and ensure timely closures.
- Build and maintain strong talent pipelines through LinkedIn, Naukri, Internshala, GitHub, employee referrals, and other sourcing channels.
- Driving recruitment operations using Keka ATS and AI-powered hiring platforms, ensuring efficient candidate tracking, interview coordination, and hiring analytics.
- Conduct candidate screening, salary negotiations, offer management, and post-offer engagement to improve offer acceptance and joining ratios.
- Manage IT asset allocation and tracking, coordinating with internal teams to ensure smooth onboarding and offboarding experiences.
- Administer the HR Helpdesk (Jira) by resolving employee queries and coordinating cross-functional HR support.
- Design and execute employee engagement initiatives, including Fun Fridays, cultural celebrations, wellness activities, and team-building programs to improve employee experience.
- Draft and enhance HR policies, SOPs, and process documentation, including:
 - Recruitment Incentive Policy
 - Employee Engagement SOP
 - Hybrid Work Policy enhancements
- Coordinate with external vendors for Background Verification (BGV), onboarding formalities, and workplace infrastructure, including workspace and seating expansion.

- Monitor recruitment KPIs, prepare hiring reports, and recommend process improvements to reduce hiring turnaround time and enhance operational efficiency.
- Champion the adoption of AI-driven recruitment workflows, leveraging automation to streamline screening, interview scheduling, and candidate communication.

April 2025 –
November 2025
Hyderabad, India

Talent acquisition consultant

Primus Global Technologies

- Source and attract top IT talent using ATS (Applicant Tracking System) and Naukri portal to meet client requirements across various technologies and domains.
- Screen, evaluate, and shortlist candidates through telephonic and virtual interviews based on job descriptions and client specifications.
- Specialized in managing **Contract-to-Hire (C2H)** hiring, ensuring smooth transitions from contract roles to permanent placements.
- Coordinate interview schedules between candidates and client hiring teams; manage end-to-end recruitment process from sourcing to onboarding.
- Build and maintain a strong candidate pipeline for immediate and future hiring needs by proactive networking and headhunting.
- Conduct initial HR discussions including salary negotiation, notice period alignment, and candidate engagement to ensure a smooth offer-to-joining process.
- Maintain and update candidate information in ATS ensuring data accuracy and compliance with internal recruitment processes.
- Collaborate closely with account managers and delivery leads to understand client requirements and provide strategic hiring support.
- Utilize job portals, social media (LinkedIn, Naukri), and internal databases to identify, attract, and engage passive candidates.
- Provide weekly reports and updates to the leadership team on recruitment status and candidate pipeline health.

Internship

December 2024 –
March 2025
Hyderabad, India

Talent acquisition consultant

Sansaone

During this internship, I successfully engaged with and supported international candidates from multiple European Union countries, gaining hands-on experience in cross-cultural communication and international recruitment processes

Roles & Responsibilities:

1. Talent Sourcing and Candidate Attraction

Sourcing Candidates: Use a variety of sourcing channels (job boards, social media, LinkedIn, referrals, networks) to find qualified candidates for open positions.

Building a Talent Pool: Proactively create and maintain a pool of passive candidates for future hiring needs, particularly for hard-to-fill or high-demand roles.

2. Consultation with Hiring Managers

Understanding Requirements: Work closely with hiring managers and HR teams to understand the specific requirements of open roles, including technical skills, cultural fit, and experience.

Recruitment Strategy: Provide expert advice to hiring managers on how to approach talent acquisition, offering insights on the market, salary benchmarking, and best practices for attracting top talent.

3. Candidate Screening and Assessment

Resume Screening, Skills Testing, Candidate Shortlisting:

4. Candidate Engagement and Experience

Maintaining Communication: Ensure candidates are kept informed about the recruitment process, timelines, and next steps. Provide a positive and professional experience throughout the hiring journey.

Negotiating Offers: Act as a mediator between candidates and hiring managers during the offer stage. Negotiate terms, compensation, and benefits packages to ensure the offer is attractive to the candidate while meeting company standards.

Onboarding Support: Collaborate with HR and hiring managers to ensure smooth onboarding for new hires, from contract signing to their first days at the company.

5. Managing the End-to-End Recruitment Process

Coordination: Organize interviews, candidate assessments, and feedback loops between candidates and hiring managers.

Tracking Recruitment Metrics: Track and report on key recruitment metrics, such as time-to-fill, cost-per-hire, offer acceptance rates, and candidate quality.

August 2024

Business Process Management

As a BPM Intern at Infosys, collaborated with cross-functional teams including business analysts, developers, and project managers to optimize and automate business processes across various industries. Identified inefficiencies, streamlined workflows, and implemented technology-driven solutions to enhance operational efficiency and drive process improvements.

Trainings

Human Resource Management – Short Course

Oxford Home Study Centre

- Completed a structured HR Management training program focusing on key HR functions such as recruitment, onboarding, employee relations, performance appraisal systems, and workforce planning.
- Developed a strong foundation in **HR strategy**, **employment law**, and **talent engagement practices** aligned with modern organizational needs.
- Gained insights into aligning people strategy with business objectives, enhancing the effectiveness of hiring and retention.
- Applied case-based learning to better understand real-world HR challenges, including conflict resolution, employee motivation, and team dynamics.
- Strengthened understanding of the full employee lifecycle from sourcing to succession planning with a focus on ethical and inclusive hiring practices

Projects

January 2024 –
April 2024

Enabling Trust and Privacy-Preserving e-KYC System Using Blockchain

- Developed a decentralized e-KYC system using blockchain, ensuring secure customer identity verification with encryption.
- Presented an access policy update algorithm for dynamic access authorization.

August 2023 –
November 2023

Prediction of Air Pollution Using Deep Learning

- Develop a deep learning model to accurately predict air pollution levels based on historical air quality and meteorological data, enabling early warning systems and informed decision-making.
- Addressing data quality issues, handling temporal dependencies in time series data, and ensuring the interpretability of the deep learning model.

February 2023 –
May 2023

CNN Implementation On Forest Fire Detection

- Created and implemented a Convolutional Neural Network (CNN) to detect forest fires from satellite images.
- Achieved 92% accuracy and reduced false positives by 15%, resulting in faster and more efficient disaster response.

Achievements

August 2025

Achievement

At Primus

Within just 4 months at Primus, transitioned from fresher to independently managing a POC for a key client. An opportunity not yet offered to several senior team members.

March 2025

Achievement

At Sansaone

During my internship at Sansaone, I successfully placed candidates while many senior employees struggled even after a year of experience. Within just my third and final month, I achieved my first placement and generated approximately ₹8 lakhs in profit for the organization, showcasing my strong sourcing and closing abilities early on

Awards

Rockstar Rookie

Senior HR Executive II

Kamal has been a strong team player, proactively headhunting and supporting the hiring of the right people at the right time. His ownership of Hyderabad office activities, positive attitude, and willingness to step up have made a real impact.

Team Player

Senior HR executive I

Appreciation to Kamal for being an excellent team player and taking responsibility for managing the Christmas activities at the Hyderabad office. Your collaborative approach, willingness to step up, and smooth coordination ensured the activities were executed successfully. Your positive attitude and ownership set a great example for the team.

Best Student Leader

For leading student bodies of CSE department

Volunteer Service for Examination

Assisted as an invigilator during examinations

Best Events Organiser

For organizing a lot of technical and cultural events in department and college
